

De-Limiting Exercises

1. Thinking: OUTSIDE THE BOX

Using four (4) straight lines, and without lifting pen/pencil from paper, connect ALL the dots

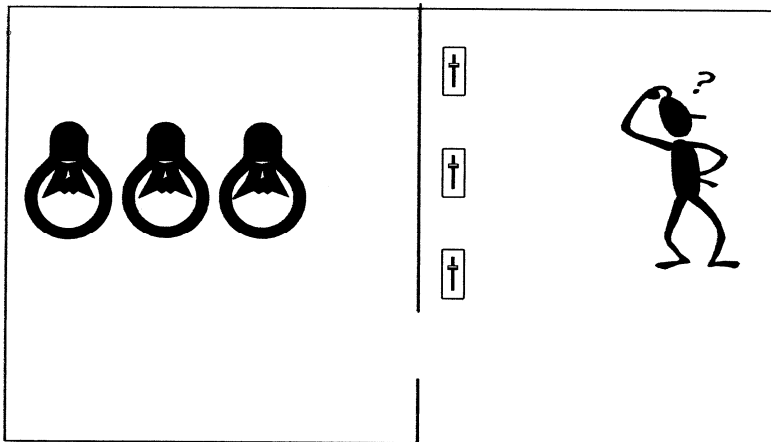

2. Planting Trees: Make a diagram showing how you would plan trees to get the following pattern:

- ▶ 10 Trees; 5 Rows; 4 Trees / Row

3. The Light Bulb Conundrum

- ▶ You are in a room with three (3) light switches.
- ▶ Each switch goes to one (1) light bulb in the next room.
[Switches are all 100% on-off, NOT 'sliding']
- ▶ You can turn on each switch only one time.
- ▶ You can enter the other room only one time.
- ▶ How can you identify which switch goes to which bulb?

Winner's Mentality System for Enduring Success

'DE-LIMITING' EXERCISE:

THINK INSIDE THE BOX

HOW MANY SQUARE BOXES CAN YOU FIND?

1	2	3	4
5	6	7	8
9	10	11	12
13	14	15	16

Are you sure?
